Office Ceremony

Inauguration of New Office Premises

Location: EON HYD, 5th Floor, Financial District, Hyderabad, Telangana
Date: 18-06-2026

We are extremely happy and proud that VISTA has acquired its own new office premises at EON, Hyderabad, 5th Floor, Financial District, Telangana and was inaugurated on an auspicious day, the 18th June 2026 with a solemn Puja. The occasion had a large gathering of many friends, well-wishers, relatives and former colleagues from Power Mech. **Shri Sajja Kishore Babu**, CMD, Power Mech Projects Limited, my mentor, Guru and Guide was gracious enough to attend the event, wish and bless.

The new premise is spacious, elegantly furnished and located in a prime area. VISTA is destined for taking a leap forward from the new environment!

New Projects

01

Udupi Power Corporation Ltd. | Adani Power Limited

Capacity: 2x600 MW

Location: Udupi, Karnataka

Nature: Semi-comprehensive O&M

This marks a major breakthrough for VISTA, reflecting the trust placed by Adani Power Limited. The contract encompasses comprehensive operation and maintenance services.

02

GMR Airport Developers Ltd.

Location: Bhogapuram Airport, Visakhapatnam, AP

Nature: Operation, monitoring & usage tracking of GPU and PCA systems

This is VISTA's first airport contract, marking a significant diversification into airport infrastructure development and maintenance services.

Major Works

Achievement

Date: 12-06-2026

Event: Monthly Safety Committee Meeting

Award: Best Safety Practice Award

Recipient: Operation Team, GMR Kamalanga Energy Limited (GKEL)

At GMR Kamalanga Energy Limited (GKEL) site, the Monthly Safety Committee Meeting was conducted on 12-06-2026. During the meeting, the Operations Team of VISTA Engineering was recognized and awarded for their outstanding safety performance by the GMR client team. This achievement reflects the team's strong commitment towards maintaining a safe working environment and adhering to best safety practices at the site.

In recognition of our safety performance, M/S GMR Kamalanga Energy Limited has awarded "**Best safety Practice Award**" during a safety committee meeting on 12-06-2026. Vista Vault congratulate the team at GKEL.

Congratulations to the entire team for this well-deserved recognition!

Environment Day

World Environment Day - 05-06-2026

All sites actively participated in and celebrated World Environment Day on 05-06-2026. The plantation activities were successfully completed at their respective site locations. The program was made more memorable and impactful with the valuable participation and support of our clients, making the event a grand success.

VISTA is always concerned for the environment of the planet and try contributing its might for the good cause. In line with its policy our teams at various sites planed saplings in the presence and with the support of the clients, marking the World Environment Day, 05-06-2026.

CSR Activities

Visit to Chavadi Ashramam, Hyderabad

As a Corporate Social Responsibility, staff from VEPL visited Chavadi Ashram in Hyderabad and distributed essential provision supplies for the inmates and also stationery to the poor children, including books, notebooks, bags etc.

In a dedicated corporate social responsibility (CSR) initiative, VISTA staff recently visited the Chavadi Ashramam in Hyderabad. Acting on behalf of the Vista Aid Foundation, the team spent the time engaging with the children in ashramam and distributed essential supplies. Contributions included educational materials such as books and school bags, alongside daily groceries.

Mr. Ameeth Kumar Kulkarni.

A post graduate in Business Administration, he brings with him 14 years rich on-field and off-field experience in water treatment, chemical dosing & analysis including plant operations. Before joining Vista he was associated with M/S ION Exchange, M/S Thermax Ltd for cement and steel plants. He is a versatile sales expert especially in chemicals for systems treatment including power plants and processing plants. He is joining Vista CHEMIX as Dy General Manager and we are pleased to welcome!

Director's Message

Dear Friends and Colleagues,

As the El Niño factor is greatly affecting the climate, our people at various work sites are being subjected to extreme heat. The management understands the difficulties under which our employees and associates are working at these sites despite the adverse climatic conditions, and yet continue to produce excellent results. I extend my appreciation and assure you of the management's continued support.

Vista understands the importance of addressing climate change and has therefore contributed by planting saplings across many of our sites, which are featured in this issue. I request all of you to remain conscious of the environment and its value while discharging your day-to-day duties.

As this issue is being published, I am happy to note that Vista has secured a prestigious order from India's leading power utility, M/s Adani Power Ltd. This marks a significant milestone for Vista in its ambitious journey to secure more Operation and Maintenance (O&M) contracts in the future.

On a parallel track, the company has diversified its operations into airport maintenance for GMR Airport Developers Ltd., Visakhapatnam, Andhra Pradesh—yet another landmark achievement for Vista.

We are beginning Phase II of our journey from our new office premises. Let us travel this journey together!

Regards,
Sadvika Kantheti
Executive director
